TITLE: IR Transition to UWBI OBIEE Tool Complete
DATE: Friday March 1, 2019

On Friday March 1, 2019 the Interactive Reporting (IR) Tool was fully transitioned to the UWBI OBIEE Tool. This tool will allow the transformation of data through a modern source of reliable information derived from administrative and institution-specific systems. UWBI is more than just queries and reporting; it integrates sophisticated techniques and tools to interact with the information.

With the transition to a new tool, we want to remind everyone of the helpful training and resources available to you:

Click here to learn about UWBI

Thanks,

BUSINESS INTELLIGENCE

UW System Administration

  • ThoughtSpot
  • Oracle SQL Developer
  • And so on…

*Connection to InfoAccess
InfoAccess: Still the Data Warehouse
What is RADAR?
Welcome to RADAR, UW-Madison’s Repository of Administrative Dashboards and Reports. Clicking the name of a dashboard or report will take you to the dashboard or report. Those that require authentication have a "secure" icon. UW-Madison employees may request access to restricted dashboards or reports by clicking the "Request Access" link for the dashboard or report. For additional information on this portal, see the RADAR KnowledgeBase article. If you have comments or suggestions for how we can improve RADAR, please fill out our feedback form. If you have questions, contact us.
